VOL. XLVI. UPLAND, CALIFORNIA, FRIDAY, SEPTEMBER 6, 1940. NO. 35.

UPLAND TAX RATE REDUCED TO $1.09

ONE CENT CUT IS MADE IN FIGURE FOR FISCAL YEAR

Upland's tax rate was reduced a trifle last night, the new figure being $1.09, the lowest in modern history and among the lowest of any Southern California municipality. The city council adopted the new tax rate at its meeting in the city hall. Last year's rate was $1.10 and preliminary figures for this year had indicated the rate would not be changed.

The tax rate is scheduled to produce approximately $64,000 of the $99,595 required to operate the municipality during 1940-41.

The $1.09 rate is made up by the following accounts: General fund, 46 cents; bond payment and interest, 28 cents; parks, 20 cents and library, 15 cents.

BUDGET IS HELP

Ten years ago a basis was established for a gradual reduction in the city's tax rate—according to city hall observers.

In 1930 P. H. McQuillen was mayor. Under his regime, the city councilmen put into practice a budget system in handling municipal expenditures and in centralizing the purchasing orders.

Since then the city councils have tried to observe the expenditures as anticipated in the budget.

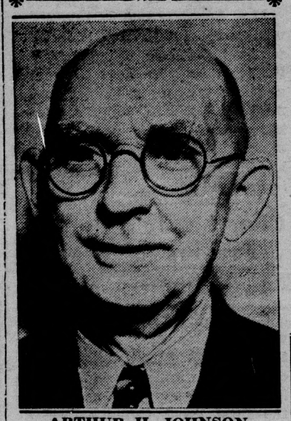

Tax rates in many cities have increased. The downward trend in the Upland rate is, therefore, regarded as all the more impressive.

Several years ago all property was assessed on the basis of 50 per cent of its value. Prior to that the basis of valuations fluctuated. For purposes of comparison, the city's tax rates since 1928-29 are listed as if the 50 per cent valuation had existed at all times. On that basis the following gives the tax rates:

RATES IN PAST

1928-29	$1.88
1929-30	1.88
1930-31	1.77
1931-32	1.6
1932-33	1.54
1933-34	1.29
1934-35	1.29
1935-36	1.20
1936-37	1.15
1937-38	1.15
1938-39	1.10
1939-40	1.10
1940-41	1.09

Veteran Official Says Tax Rate Now Lowest in History

ARTHUR H. JOHNSON

The lowest tax rate in the city's history is in effect today, said the veteran city councilman, Arthur H. Johnson.

He has been on the city council more than 26 years.

"As far as I can recall, the new rate is the lowest the city has ever had," said the councilman. "Of course, the rate has been about the same for several years."

The new rate is $1.09. Last year's rate was $1,10.

Mr. Johnson has participated in the establishment of many tax rates here and he was on the council when the budget system of controlling expenses was established.

Dr. Foster's Many Experiences To Be Recorded in Book

Memoirs of the late Dr. Bert Foster will soon be published in book form

Dr. Foster, whose death last night removed from earth one of Upland's most lovable characters, had written of his many interesting experiences as the "Rocky Mountain Parson."

Under this title, his memoirs will be permanently recorded in book form. Early this summer, G. A. Hanson, an intimate friend of Dr. and Mrs. Foster, assumed the responsibility of publishing the book.

While it was known that Dr. Foster's health was failing, it had been hoped that the book would be completed prior to his death.

Reservations for copies of the book should be made immediately with Mr. Hanson.

Dr. Goslin Accepted As Optometrist, To Practice in Upland

Dr. Homer T. Goslin, who for five years has operated a jewelry store here, today has the approval of the state board of optometry to practice.

Since coming here from Gallup, N. M., where he was a successful optician and jewelry, Dr Goslin has had pending before the state board his application to practice in this state. The approval came this week and Dr. Goslin will immediately prepare to practice the profession.

UPLAND RENEWS SEWAGE CONTRACT

Ontario To Provide Service Until 1965 Under Terms Of Agreement

The right of Upland to renew its sewage disposal contract with Ontario was exercised by the city council here last night. The present contract expires in November, 1941, and by exercising its option, Upland can extend the contract for another 24 years.

The sewage disposal plant, serving Upland and Ontario, must be enlarged—and at the invitation of Ontario councilmen officials of the two cities have been in frequent conference over financing the addition to the plant.

The present contract gives Ontario all the water from the Upland system. The disposal plant and the Ontario city farm, on which the water was used, however, have not been a profitable venture for Ontario, it is reported.

While the contract is E. Gray as valid and can be made binding for another 24 years, the Upland officials have expressed a willingness to share partially in the cost of the addition to the Ontario plant.

Little progress has been made in the conferences so far in reaching an agreement acceptable to the Upland councilmen. At least, that was the indication at last night's meeting here. If Ontario does not offer the Upland council a satisfactory financial program, the Upland council may refuse to participate in the construction program, leaving the task entirely to Ontario.

At the beginning of the original contract, Upland constructed a sewer line to connect with the disposal plant, this being Upland's part in fulfilling the negotiations.

Mrs. Muriel Hodgin and two daughters of Long Beach came to Upland today for a few days visit with Mrs. Hodgin's brother-in-law and sister, Dr. and Mrs. Truman Ackerson. Mrs. Hodgin formerly lived in Upland. A family dinner tonight will observe the birthday anniversaries of both Dr and Mrs. Ackerson. Other guests will be Mr. and Mrs. F. E. Opitz of Ontario, parents of Mrs. Ackerson and Mrs. Hodgin.

DR. BERT FOSTER SUMMONED AFTER LIFE OF SERVICE

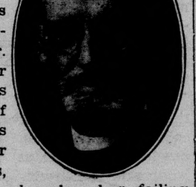

Upland Loses One of Outstanding Citizens in Death Last Night

Dr. Bert Foster came to the end of his journey last night.

The widely known minister and one of Upland's best loved citizens, passed away at 5 o'clock at his home, 520 North Euclid avenue.

Along the last mile or so of the long trail he had walked in friendly companionship with the Reaper, living valiantly every day allotted him and meeting death as he met every emergency in life, without fear and with an abiding faith in the goodness and mercy of his God, whom he served with a whole heart.

RECTOR 16 YEARS

A minister of the Episcopal church since his early manhood, Dr. Foster served as rector of St. Mark's church for 16 years, resigning only when has failing health left him without sufficient physical strength to continue his work. After relinquishing his ministerial duties to younger and stronger hands, he continued closely connected with the church as rector emeritus.

Dr. Foster, christened Thomas James, but for many years known only as Dr. Bert Foster, held the degree of doctor of divinity. Born of Irish parents on the high seas in 1861, Dr. Foster was 79 years of age. His boyhood was spent in Dublin, Ireland, and at the age of 16 he began mission work among the poor of that city, and continued in the mission field for many years.

Upon completing his education in Ireland he was married on Nov. 20, 1888, and he and his bride left immediately for the United States.

AMONG PIONEERS

Coming to the west in the rough and ready pioneer days, Dr. Foster spent many years as a missionary for the Episcopal church in the then territories of Wyoming, Idaho and Utah, his work there, according to his often repeated testimony, being aided and sustained by the faith and sacrificial support of his beloved wife.

Bold and unyielding in his stand for the church and its principles, Dr. Foster personally was reticent almost to the point of self-effacement, but his reticence and quiet demeanor seemed only to accentuate the strength and beauty of character and unforgettable personality that made him one of the most influencial and best beloved of the mission-

FIRE DESTROYS HOME IN NIGHT

Partially Completed House Started Two Years Ago Burns

Fire which broke out at 1:25 a. m. yesterday morning destroyed the partially completed residence at 330 Red Hill drive, located between San Bernardino road and Foothill boulevard. The structure was owned by the Rugg Lumber Co. The loss is partially covered by insurance.

Cause of the fire was not determined. Started two years ago, the structure had never been completed. Plastering on the interior was only partially done and only subfloors had been laid. No cabinet work or fixtures were installed.

Upland fire department responded to the alarm, but the fire had progressed so far that it was impossible to save the dwelling.

C. of C. Secretary On Part-time Basis Decision of Group

Appointment of a part-time rather than a full-time secretary of the Upland chamber of commerce is the decision of the Upland chamber of commerce directors.

Ellery F. Wright, who has served as part-time secretary for nearly two years, has declined to continue in that position. Mrs. Adelaide H. Plum, assitant secretary, will be unable to give additional time to the chamber, due to her public stenographic business.

And so today the directors are interested in obtaining the services of a local person who will devote at least two hours a day to work in the chamber office and in promoting the community.

In a special meeting this week the chamber directors decided it was not practicable, at least for the present, to engage a secretary on a full-time basis. Fred E. Draper, who recently retired as president, had advocated the establishment of a full-time position.

President C. Ernest Olson said today that applications for the part-time position will be considered.

Fiscal year for the chamber of commerce started Sept. 1. Selection of a secretary is expected within a short time.

REGISTRATION IS ONE WEEK HENCE

Upland Students Will Sign Up For Classes Next Friday

Registration day is one week from today for first graders at the Upland Elementary school, and for all students at Upland junior high school. Chaffey junior college students will also register on that day, but Chaffey high school students completed their registration at the close of school last June.

On Monday, classes start n Upland, Chaffey, Cucamonga Central and Alta Loma schools. Because September 16 is Mexican Independence day, no school is scheduled for Monday at the Cucamonga school. Classes there will start on Tuesday, September 17. Upland's Sierra Vista school for Mexicans will open with the other local schools on Sept. 16.

Harold W. Cook, superintendent of the Upland schools, announces the following registration schedule:

"In order to minimize confusion the opening day of school, children who will be first grade students at the Upland Elementary school are asked to register Friday, September 13, at the school, between the hours of 8 a. m. and 4 p. m. Miss Jessie Brown, principal; Miss Mamie Porter and Mrs. Esther Kremer, first grade teachers, will be in charge. Children who will reach their sixth birthday on or before March 15, 1941, are eligible to enter the first grade the opening day of school, 1940.

"Junior high school students are asked to register Friday, September 13, between 8 a. m. and 4 p. m. At this time, textbooks, lockers and room assignments will be given to each student."

EUCLID AVENUE BRIDLE PATH IMPROVEMENT IS AUTHORIZED

Improvement of the Euclid avenue bridle path from Thirteenth street north was authorized by the city council last night.

The plan of oiling a 10-foot strip in the center of the parkway and the setting out of ivy and shrubs along the outer borders was approved. Cost of the oiling was estimated at $300.

When the horseback riding sport became more popular this summer and when dust, stirred up by riders filled the air and annoyed upper Euclid avenue residents, the officials studied ways and means of abating the dust nuisance.

Oiling was proposed. Then it was suggested that the bridle path also be beautified and that horseback riding be encouraged as an additional attraction here. The Westward Ho Riding academy on Thirteenth street and Campus avenue, has been serving many people.

Godfrey Andreas advocated the placing of lawn on the Euclid parkway from Foothill boulevard to Thirteenth street.

86 NEW CADETS TO ARRIVE SOON FOR CAL-AERO COURSE

Second Class Will Bolster Fliers—Formal Opening Sept. 14

Eighty-six new cadets will arrive at the Cal-Aero academy next week to begin training in the second period of instruction

The 57 cadets at the field since its opening Aug. 5 will become "upper classmen". Every five weeks a new class of cadets will arrive and every 10 weeks a class will be advanced from the Cal-Aero academy to one of the other air corps training sites for more specialized instruction.

The new class of cadets will be present for the formal opening of the academy on South Euclid avenue Sept. 14. More than 200 persons are expected to attend the formal opening, invitations being limited to a special list of officials.

C. E. Grier, chairma of the county board of supervisors, will speak and the principal address is scheduled to be delivered by Major-General H. H. Arnold. Bill Henry, Los Angeles Times columnist, will be master of ceremonies.

Census Recheck Is Likely if Federal Bureau O. K.'s Plan

A preliminary check of the Upland census count will be made in a limited number of precincts here if the federal government will consider any new figures that might be obtained locally.

This was the decision of the Upland city council last night. Enumerators may be engaged at the rate of $4 a day to check a few precincts.

Richard G. Manley, city manager, has written to the federal census bureau to inquire if consideration will be given the locally-sponsored census.

At one time the population total was reported at 6,572. A short time later, an error was reported and the new figure was given by the Riverside office of the U. S. census bureau as 6,217—a decrease of 355.

The city is allocated various money by the state on the population basis and a 355 decrease would mean something to the city financially. For that reason, a check-up is planned to determine if any error was made.

Lions Leader Says Loyalty Increased By Trip to Conclave

Americans here may think very highly of their nation and Americanism as a creed, but after a person visits some other land the patriotic feeling is more keen, George L. Kendrick, Pomona, said at the meeting of the Upland Lions club in the Red Hill Country club at noon yesterday.

As president of the Pomona Lions club Mr. Kendrick attended the Lions International convention in Cuba. He reported on the convention and he also very interestingly described Cuba, its people and the climate.

While he described the convention as being outstanding, he emphatically said the voyage instilled in him a deeper feeling of patriotism.

Although their car turned over, after traveling at high speed out of San Antonio canyon at 6:30 last night, G. K. Wilson, 30, 285 West Center street, Pomona, and Miss Hazel Lucille Johnson, 5123 Edgewood place, Los Angeles, escaped serious injury.

They were thrown out of the car, receiving head injuries and bruises, and were taken to the San Antonio Community hospital by ambulance. Since tests failed to show any critical injury, the couple will probably be released from the hospital within a few days.

Another accident, with serious consequences, occurred Wednesday when Henry William Coombs, 36, 2701 Pepper avenue, Los Angeles, was killed as a result of a collision with a truck load of grapes at Turner avenue and Valley boulevard. Coombs died three hours after the accident at the San Antonio Community hospital.

Twenty thousand persons are due to throng Cucamonga for the second grape festival tomorrow and Sunday. In preparation for the big event, sponsored by the Cucamonga Service club, finishing touches are being added today. No effort is being spared to make the event a gala celebration. Flags are flying and a round of entertainment is planned for both days.

Tomorrow at 2 p. m. official opening of the festival will be marked by flag raising ceremony in charge of the Ontario American Legion color guard. Bob Henderson, president of the Cucamonga Service club, will give the address of welcome.

Beginning at 3 o'clock, a floor show and vaudeville entertainment will be presented from the stage, which occupies a prominent place in the center of the grounds. At 4:30 the all-girl accordion band, returning to the festival this year because of popular demand, will give a concert.

Children's games are scheduled from 4:45 until 5 p. m., when the Strolling Troubadours of Ontario will entertain.

MOTION PICTURE

Through the courtesy of the Padre vineyard, a motion picture will be presented at 9 p. m., entitled "Cavalvade of Wine", a film depicting the various steps in the production of wine. Some of the scenes in this picture were taken at the Padre winery.

Dancing on a hardwood platform will follow, with music furnished by an orchestra headed by Joe Valedez and his Upland Troubadours.

SUNDAY CONCERTS

Sunday afternoon's program, starting at 2 o'clock, will feature more music by the all-girl accordion band; an address by C. E. Grier, chairman of the San Bernardino County Board of Supervisors; vaudeville and floor show, and a concert by the San Bernardino American Legion Drum and Bugle Corps.

In the evening the climax of the two-day celebration will occur with the presentation of the historical pageant written by Judge James Sharp and presented by Gabriel Ruiz and his troup of semi-professional actors. Dancing will follow the pageant.

Cash prizes are announced for exhibits of various varieties of grapes.

FREE GRAPES, JUICE

Free grapes and grape juice are being furnished by the vineyards. Conducted tours of wineries comprise another interesting feature. Tickets for tours may be obtained on the festival grounds. Tours are planned between the hours of 10 a. m. and 5 p. m.

Boy Scout troops of Cucamonga, Alta Loma and Etiwanda will be in charge of parking cars in the ten acres reserved for that purpose.

Outside of the pageant and amusement features in the fun zone, and a few other special events, no charge is made for the festival.

A small brush fire that started in the rear of a residence lot near the grocery store above Twenty-fourth street, at 10:30 this morning, was extinguished before any damage was incurred. The Upland firemen were called, but the blaze had been put out by the time the fire truck reached the scene after the long run.

An account of the wedding appearing in an Escondido paper is given, in part, below:

Miss Lois Allen, daughter of Mr. and Mrs. Charles Allen, became the bride of Albert Hoover of Vista at a pretty home wedding ceremony Sunday afternoon at the new ranch home of the bride's parents three miles northeast of Escondido.

Rev. Jack Hutton, pastor of the Vista Church of Christ, read the 4:30 marriage vows before fifty relatives and friends of the popular bridal couple.

Preceding the ceremony Mrs. Myron Buzzell and Mrs. Clarence Wine sang "I Love You Truly", with Mrs. Ernest Furgeson of Spring Valley providing the accompaniment as well as the music for the wedding marches.

The attractive bride, given in marriage by her father, was smart in a hunters' green frock with brown accessories and carried a bouquet of pink and white asters.

Miss Lodine Allen attended her sister as maid of honor and was pretty in a wine crepe dress with black accessories and salmon gladioli corsage.

Kenneth Beven was the bridegroom's best man.

Floral decorations for the wedding included attractive arrangements of amaryllis, fern, asters and other fall flowers.

Mr. and Mrs. Berry Observe Sixtieth Wedding Day

A rare privilege, one that the passing years grant to few persons, will be enjoyed by Mr. and Mrs. E. L. Berry, 91 West Ninth street, tomorrow when they observe their sixtieth wedding anniversary.

Mr. and Mrs. Berry, who have lived in Upland and at their present home for 32 years, have arranged no special celebration for the occasion, planning to spend the day quietly together.

For them it will be a day for recalling many of the happy events they have shared during the years of their long wedded life—and a time for tenderly remembering the occasions that brought sorrow, likewise shared by them.

Mr. and Mrs. Berry were married in Afton, Iowa, on Sept. 7, 1880, and Mr. Berry recalls that the ceremony was performed by a circuit rider, a Methodist minister known to everyone as Father Nixon.

After spending many years successfully farming in Iowa, Mr. and Mrs. Berry and their family moved to Lambert, Okla., where they resided for some time, coming from there to Upland 32 years ago.

Mr. and Mrs. Berry's family includes four sons, Herbert E. Berry of Lambert, Okla., who visited his parents here last month; W. C. Berry and Lorin Berry of Los Angeles, and B. C. Berry of Colorado. One son, Melvin, is deceased.

During their long residence here Mr. and Mrs. Berry have made many friends throughout the community, and especially among the membership of the Methodist church, and their sixtieth wedding anniversary will be of interest to all who know them.

TODAY'S BIBLE VERSE

Oh, magnify the Lord with me, and let us exalt His name together.—Psalm 34:3.

The Widow's Mite

The case of two elderly widowed sisters, who live together near Los Gatos, came before welfare authorities recently. Their cottage needed repair; their savings had dwindled to $179; their income was the pittance they could earn by sewing. But when informed that they could draw pensions of $40 a month each, the widows protested. They didn't need that much, they said. Instead of $40 each, all they needed was $25 a month for the two of them! They'd get along.

Finally they agreed reluctantly to accept $25 a month for each of them, although insisting "we don't need that much". Elderly ladies who get along on so little rarely buy newspapers or have radios. Those two probably aren't aware that leaders in this nation are exhorting the whole people to demand as little as possible of the government—not to gouge as much as possible; to learn to save and sacrifice instead of spend and waste; to turn from the soft road of ease to the hard road of frugality toward national salvation.

And those widows wouldn't understand that they have contributed magnificently and sacrificially to their country, in that they have contributed all that they had power to give. They wouldn't comprehend, for they are of a generation that always lived that way; that hadn't grown soft and dependent.

Being Pushed Into War

"People of the United States are being pushed into war without the opportunity of an expression of opinion even on the floor of Congress."

Such is one comment following the announcement that the United States had made a deal with England and that 50 U. S. destroyers would soon be used in the European war.

Perhaps the comment referred to the manner in which the deal was handled. Many people may agree, however, with the statement that this nation is "being pushed into the war."

Not so many months ago, this nation had a new neutrality law. It was designed to keep this nation neutral, in spite of what might happen elsewhere. It was adopted in so-called normal times for use in war times.

Today, many features of that peace-time law are being ignored. Today the "pressure" for American participation is becoming greater. Each day "isolationists" are becoming more unpopular.

It is timely to recall the admonition given months ago—remain calm, analyze what you hear. Read about the war, but do not become victims of propaganda designed to stimulate support for American entrance into the war against Hitler.

REVIEW OF BOOKS AT LOCAL LIBRARY

Colorful Southwest Pictured In Fascinating Book by Erna Fergusson.

BY MRS. RUTH N. WEST
Member Library Staff

"Our Southwest" (Erna Fergusson).

For a superb book telling of Indian ways, cattle wars, conservation projects and just plain "folks", Erna Fergusson's admirable performance in "Our Southwest" commands attention. Here is given, not merely a portrait, but a history. Miss Fergusson is really put to it to define the territory which rightfully belongs in the category of her book, but when all is said and done, she has justified her decisions in all fairness to those which are left over. It is a puzzling country, she admits, its pronghorn antelopes are not really antelopes; sometimes the traveller is on a mountain without knowing it; distances are hopelessly confusing; there are great rivers with no water in them, yet the floods, when they do come, are most terrifying.

On the other side of the picture, there is the Grand Canyon and the Carlsbad Caverns which the traveller does not merely see, he experiences, and is never the same again. Everyone, at some time, wants to go there: to live on a ranch, dig in a ruin, scale a peak, see an Indian dance, hunt or fish. It is there that the past really meets the present, for, among other things of spectacular interest, the Indians live and worship as they did four hundred years ago, and many little villages still speak Spanish and carry on customs of the ancestors who settled them in the sixteenth century.

There is much of beuty in this book, and many tales of bravery and generosity; but the other side is there also, and none of it is of more importance than the descriptions of how a reckless use of the land, by overgrazing and lumbering, has brought huge areas near to ruin. The subject is vast—so vast, that even this long book seems singularly compact when the wealth of material is considered. But for those who wish to know something of this most fascinating of all sections of America, this is truly the book.

Assembly Candidates Will Be Discussed At Republican Meet

Candidates for assemblyman from this district will be discussed at a meeting of the Republican assembly Tuesday night in Armstrong's hall, Ontario.

Robert Berg, new president of the recently formed political organization in the district, today said that the principal feature of the meeting would be an informal analysis qualifications of A. B. Hornibrook, Republican, and Godfrey Andreas, Democrat, who will oppose each other at the November election.

Plans will also be made for an intensive campaign to get out the vote on election day.

Dr. Thompson Back From Trip to Idaho

Dr. O. A. Thompson returned to his office, 201 Euclid avenue, this week, having recovered from an illness which has kept him away from his work for several months.

The last two weeks he enjoyed a trip to Idaho. In Boise, he visited his sister. He also stopped in Twin Falls, Idaho.

Mrs. Thompson and their son, Robert, plan to remain at their beach home in Balboa until the middle of the month, when Robert plans to return to Chicago, where he is enrolled in the Chiropractic college.

POLITICAL PARADE

BY CLEM WHITAKER

(Editor's Note:—This is the first in a series of three articles by Clem Whitaker, veteran political writer, describing what state government is doing, behind the scenes, to fortify California's home defense.)

Adequate defense against an enemy power, in this era of blitzkrieg, isn't just a matter of anti-aircraft batteries, trained troops, battle cruisers and swift fighter planes to intercept the invader.

Quite often, politics determines the tide of battle. It did, for example, in France, just a few weeks ago. There was rotten concrete in the Maginot Line, put there by grafting or stupid politicians. There were saboteurs and spies in vital industries. There was complete lack of leadership and woeful incompetence in government.

Under the circumstance, California needs to take a sharp squint at California's home defense—and at the men who are building it. And it might be said at the outset that the picture is somewhat reassuring. The California state legislature, whatever else its faults, is not lacking in patriotism, and it has set in motion a fundamental defense program of vital importance.

Under special authority from the legislature to build an air-tight defense in California against any form of blitzkrieg — whether from within or without—the Joint Legislative Fact-Finding Committee on Employment, headed by Senator John Phillips of Banning, appointed a board a few months ago known as the Legislative Advisory Committee on Defense and Employment. And that board, composed of fifteen outstanding citizens, each a leader in his own field of endeavor, has been hard at work—gearing all phases of industrial, manufacturing, transportation and communication facilities so that they will mesh smoothly into the national defense program; determining what legislative enactments will be needed to clear the decks for action; tackling complicated problems, with a minimum of publicity, but with expertness and surprising efficiency.

As an example, the board has just appointed a special sub-committee in charge of radio communications. The members aren't politicians; they are recognized leaders in radio—Alfred H. Meyer, radio engineer and president of the Leo J. Meyberg Company of San Francisco, who was an instructor in electrical communications during the World war; Lewis Allen Weiss of Los Angeles, general manager of the Mutual-Don Lee Network; Fox Case of Hollywood, representing Columbia Broadcasting; Chas. F. Scott of Visalia's KTKC, and Arthur Westlund of KRE at Berkeley.

In the railroad industry, the power industry, in every form of manufacturing, in organized labor, in technological fields, in the press, in aircraft—in every industry, the Legislature's board has its key men, all working quietly, to fortify California's home defense. And there isn't an incompetent in a carload!

SCOUTS SET MARK IN CAMP PERIODS

More From Upland Attend Than Other Troops in Old Baldy Council

Seventy-eight Upland Boy Scouts were at summer camps and troop No. 4 made a record in the Old Baldy council for having more boys than any other troop at camp. Forty-three members of this troop, with Earl E. Hawthorne as scoutmaster, were at the troop's camp.

Another outstanding feature of the Upland Scout activities was the fact that all local troops were represented at camps, according to Carrol Wiggins, West End executive of the Old Baldy council. Total registration in all Boy Scout camps was 418, the largest ever.

With the fall program starting, the next major event for Scouts is the Los Angeles county fair. Exhibits will be entered by Upland troop No. 3, Etiwanda and Alta Loma troops. These three groups won exhibit prizes in the Camporal last spring. The exhibits will be in the junior fair building.

Sept. 27 is Boy Scout day and at that time an Eagle court will be held and the new Boy Scout park will be dedicated. Upland and Ontario Boy Scouts will serve as messengers at the fair Sept. 23 to 29.

Upland Party Visits Remote Spots in South

An eventful trip to Mexico is reported by Mrs. H. W. Hawkinson, her son, William; Miss Julia Fischer and Miss Ada Leeke, who returned recently after spending 10 days on the motor trip south and five days returning.

Going into remote parts seldom visited by tourists the Upland party found almost impassable roads, but marvelous ruins. At Cholula, the town of seven pyramids, they visited a temple which has just been excavated. A religius mecca, a "Christus" had been crucified there at his own request only a short time before the Upland party visited the spot.

Soldiers were everywhere, reports Mrs. Hawkinson, and on several occasions the Upland motorists were compelled to transport soldiers. Although the Upland party could not speak Spanish they were convinced by the bayonets the soldiers carried that it was wise to accommodate them.

"The poor people are getting poorer," was the comment which Mrs. Hawkinson made of social conditions in the southern republic.

Alta Loma To Open Well Baby Clinics Next Wednesday

Clinic hours will be from 9 a. m. to 12 noon.

By making appointments with Mrs. Joe G. Crick, mothers may avoid unnecessary waiting and they are urged by those in charge to make their appointments early.

The clinic is not for sick babies, but is held for the purpose of checking up on well babies to discover any possible physical defects that might handicap the child in later years.

The clinics will be held on the second Wednesday of each month.

DR. BERT FOSTER DIES LAST NIGHT

Upland Loses One of Outstanding Citizens in Death Last Night

(Continued from Page 1)

aries of the colorful days of the early west.

Nor did his influence and popularity wane with the passing of those days. As rector of St. Mark's Episcopal church in Upland for 16 years, Dr. Foster served not only his own church, but indeed was a "friend to man" in all of his relations with all persons whom he contacted. He was, in truth, "Upland's Dr. Foster", respected and loved by everyone. He was a valued member of Upland Masonic lodge and of the Lions club.

While his hundreds of friends will be grieved by their own loss and will extend their deepest sympathy to his wife and son, yet even those who loved him best can feel no regret for him in his passing, knowing he is reaping the rich reward for a worthy, useful life, lived humbly, justly and in all sincerity in the service of the Master.

ANNIVERSARY CELEBRATED

On Nov. 20, 1938, Dr. and Mrs. Foster, and the entire community, celebrated their golden wedding anniversary and the fiftieth anniversary of his ministery. At that time a window in St. Mark's church was dedicated in his honor.

In 1936 Dr. Foster relinquished his rectorship to his successor, the Rev. George W. Barrett. He had lived in Upland for 20 years, coming here from Grass Valley.

Besides his wife, who justly shares in all the honor paid to him, Dr. Foster leaves a son, Ethelbert Foster of Sacramento, and two grandchildren.

FUNERAL SATURDAY

Funeral service will be held at 10:30 Saturday morning at St. Mark's church. The officiating ministers will be the Rt. Rev. Bertrand Stevens, bishop of the Los Angeles diocese; the Rev. George West Barrett, rector of St. Mark's; the Rev. Cannon Richard Gushee of Ontario, formerly of Christ church; the Rev. Bertram A. Warren of St. Paul's church in Pomona, and the Rev. Stephen C. Clark of St. Mark's in Pasadena.

Interment will take place in Bellevue cemetery, with members of the Masonic lodge in charge.

The body will lie in state at the Richardson funeral parlor from 5 o'clock this evening to 9 o'clock Saturday morning. His friends may call during those hours.

MEMORIAL SERVICE

Both services at St. Mark's church Sunday will be in the nature of memorials for Dr. Foster. There will be Holy Communion at 8 a. m. and morning prayer at 9:30, with an address by the rector.

Miss Jayne Wolff and her brother, Eugene Wolff, of Glendale, were recent guests of Miss Helen Dillard of East Seventh street. Miss Wolff and Miss Dillard were classmates while attending Chapman college.

Final Services Are Held for Sister of Mrs. George Foster

Mrs. Jeannette Gilbert, sister of Mrs. George S. Foster of Alta Loma, passed away Monday in Monrovia, where she had resided for a number of years.

She often visited with Mr. and Mrs. Foster in Alta Loma, spending considerable time in their home, and met and won the esteem of many of Mrs. Foster's friends in the West End.

Funeral service was held at 2 o'clock Wednesday afternoon at the Glasser funeral chapel in Arcadia and interment took place in the Monrovia cemetery.

Mrs. Gilbert's husband preceded her in death a number of years ago and she left no children. Besides her sister, Mrs. Foster, she is survived by a nephew, Dr. Ralph Scofield, and two great nieces, Mary Elizabeth and Barbara Ann Scofield of Arcadia.

Among the many friends attending the funeral service were Mrs. Ray R. Sherwood and Mrs. S. M. Jessup of Upland and Mrs. D. E. Vowles of Ontario. Many beautiful floral offerings attested the esteem in which Mrs. Gilbert was held by her numerous friends.

Mrs. Meeker: "Dear, what's the difference between direct taxation and indirect taxation?"

Meeker: "The same as the difference between your asking me for money and going through my pockets when I'm asleep."

Civilian Medical Officers Needed

The expansion of the army creates a need for about 600 civilian medical officers in various grades for temporary and part-time service, John Bice of the Upland post office said today. The duties of full-time officers will be to act as doctors of medicine in active practice in hospitals, in dispensaries, and in the field. The duty of part-time officers will be to report for sick call at a fixed hour each day and to be subject to emergency call at all times.

The Civil Service Commission in making this announcement calls particular attention to the fact that part-time officers will be able to continue their regular practice. In order that this may be done, appointments to the part-time positions will be made of medical officers in the vicinity of the place of duty.
